Halong bay and Cat Ba island 3 days, 2 nights

Cat ba island is the largest one in Halong bay 300 square km with over 20,000 citizens. Cat ba town is regarded as mini Hong Kong by tourists. Presently, hundred of hotels, restaurants, bars, karaoke-bars, etc... have been mushrooming. However, just 10 km away from the center you can find wildly steep spines of mountain, narrow valleys and waterfalls, lush wetlands, two pretty golden beaches, and one of Vietnam's most beautiful National park. The park was established in 1986 to protect flora and fauna in a half of the island and the sea life of the surrounding inshore waters. Included in these eco-systems are tropical evergreen forests, 15 kinds of mammals (including wild boars and hedgehogs) 200 species of fish, 21 species of birds, and 640 species of plants. All these can be witnessed by trekking to a peak of mountain and get the panoramic view from the tower at the top.
